

Good Faith Estimate

You have the right to a “Good Faith Estimate” explaining how much your medical care will cost

Under the law, health care providers need to give **patients who don’t have insurance or who are not using insurance** an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- You may request a Good Faith Estimate before you schedule an item or service. Kane Hall Barry Neurology will provide you with an estimate upon request, before your visit, based on the information we have at that time.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.

For questions or more information about your right to a Good Faith Estimate, visit <http://www.cms.gov/nosurprises> or call 817-267-6290 option 7.
